

Hello...👋

# Nazar Pichak

Python web developer

## ABOUT ME

After **3 years** of self-learned programming I decided to push myself on the next level by enrolling on the coding bootcamp at **ITnetwork Academy**. My favorite part of programming is the problem-solving aspect. I love the feeling of finally figuring out a solution to a problem. My core stack is **Python, Django, HTML, CSS, SaSS, JS, Bootstrap, React, SQLite, PostgreSQL**. I am also familiar with **TypeScript** and **Next.js**. Also I always like to learn new technologies and I am a fan of learning on **Udemy**.

## INTERESTS

Running in the forest, movie watching, swimming and walking, contribution to open source projects and **GitHub** collaboration.

## SKILLS

### Daily work

- PyCharm
- Git
- Chrome DevTools

### Also know

- Testing (unittest, pytest, Postman)
- Best practices
- Responsive web design

### Regular use

- Python, Django
- HTML5, CSS3
- JavaScript, React

### Additional tools

- VSCode
- MS Office
- Figma, Draw.io

## KNOWLEDGE AND PRACTICE

2025

### 2025 ● Requalification course Python WWW programmer

ITnetwork s.r.o. - IT ACADEMY

- Basic Construction of Python (Completed with Certificate)
- Object-Oriented Programming in Python (Certificate Completed)
- Basic of Algorithms and Design Patterns
- Collections in Python (Completed with Certificate)
- Modern Web Design (Completed with Certificate)
- SQLite (Completed with Certificate)
- Basic of JavaScript Language (Completed with Certificate)
- Python framework Django (Completed with certificate)
- React Basics (Completed with Certificate)
- Testing and versioning
- Best practices (DRY, SOLID)

2025

### ● Todo List Project

Developed a task management app, implementing CRUD functionality and user authentication.

- Python, Django, SQLite
- OOP

2024

### ● Professional Portfolio Project

Responsive Website by using modern technologies.

- Next.js (client and server components, form activation)
- React
- TypeScript

2023 – 2024

### ● Škoda Electric a.s. - Test engineer

Testing of electrical containers and devices.

2018 – 2023

### ● Elkamet s.r.o. - Circular furnace operator

Engineering process of creation fuel tanks.

## EDUCATION

2012 – 2015

● Ivano-Frankivsky technical college auto transportation and building
